Higher Secondary Certificate (HSC),

M F Mallik College of Science

2021 – 2022 | Ambajogai, India

Percentage: 87.67

Central Board of Secondary Education (CBSC),

New Vision Public School

2010 – 2020 | Ambajogai, India

Percentage: 97

INTERNSHIP

Java Developer Intern, Sanyu Infotech Pvt Ltd

- Developed and maintained backend applications using Java and Spring Boot, ensuring scalable and efficient performance.
- Worked with JPA/Hibernate for seamless database interaction and optimized MySQL queries for improved performance.

CERTIFICATION

Full Stack Course, Skills IT Academy

Pune, India

Crash Course on MongoDB

DSA with Java

Getting Started with AI, IBM

SKILLS

Programming Language

Java

Database

MySQL, MongoDB

Fundamentals

DSA, OOPS

Frontend technology

HTML, CSS, Bootstrap, JavaScript

Framework

Spring, Springboot, JPA, Servlet

PROJECTS

SkillSwap -A Skill Barter Platform,

Tech Stack: Spring, JPA, Web MVC, MySQL

- Developed a full-stack web application that allows users to exchange skills through a barter system without monetary transactions.
- Implemented secure authentication and authorization with login/registration and session management using Spring Security.

Polling-application, Tech Stack: Springboot,

Angular, Bootstrap, HTML5, MySQL

- Built a real-time chat platform using Spring Boot, WebSockets (STOMP), and Thymeleaf with MVC architecture for modularity and maintainability.
- Developed interactive UI with server-side rendering, enabling instant messaging, user session management, and real-time broadcasting.

Todo List Application, Tech Stack: Springboot,

MySQL, Thymeleaf, Bootstrap CSS

- Developed a web-based To-Do List application following the MVC architecture, using Spring Boot for backend services and Thymeleaf for server-side rendered views.
- Implemented core CRUD operations—Create, Read, Update, Delete—for task management, enabling users to dynamically maintain to-do items.
