CERTIFICATION

- - RDBMS

SKILLS

Programming Language

Java, C++

Database

MySQL, MongoDB

Fundamentals

DSA, OOPS

Frontend technology

HTML, CSS, Bootstrap, JavaScript

Framework

Spring

PROJECTS

Shopify - E Commerce Site,,

Tech Stack: Spring, JPA, Web MVC, MySQL, Bootstrap

- Developed a full-stack e-commerce platform with user authentication, product listings, and shopping cart features.
- Implemented RESTful APIs using Spring Boot and integrated with a MySQL database for dynamic data handling.

Todo List Application,, *Tech Stack: Springboot, MySQL, Thymeleaf, Bootstrap CSS*

- Developed a web-based To-Do List application that allows users to create, update, delete, and manage daily tasks efficiently.
- Utilized Spring Boot to build a robust backend with RESTful architecture and integrated MySQL for persistent task storage.

Chat-Application, *SpringBoot, WebSockets, Thymeleaf, Bootstrap, HTML5*

- Designed and implemented a full stack real time chat platform using spring boot for backend infrastructure, websockets for bidirectional communication and thymeleaf for dynamic view rendering.
- Ensured functional modularity by structuring the application using the MVC pattern, decoupling controllers, services and views for improved maintainability.
