Profile

A passionate Java Full Stack Developer with hands-on experience in building scalable, user-friendly, and efficient web applications. Skilled in Java, Spring Boot, React.js, RESTful APIs, and MySQL, with a strong foundation in Data Structures and Algorithms for writing optimized and maintainable code. Proficient in developing end-to-end solutions, from designing responsive front-end interfaces to implementing secure and high-performance back-end systems. Passionate about problem-solving, continuous learning, and delivering high-quality software solutions that enhance user experience and business efficiency.

Education

- Marathwada Mitra Mandal's College of Engineering Pune, India
B.E. in Artificial Intelligence and Data Science (CGPA: 8.12) 2022 –Present

Experience

- Test Yantra Software Solutions Pune, India
-Java Full Stack Development Intern Jan 2025–Feb2025

Developed a cab booking website using Spring-boot for backend development and Reactjs for frontend development. Hands - on experience on various web development tools and made connection between frontend and backend using REST APIs. Handled both the frontend and backend which helped to gain knowledge of every development aspect.

Projects

Cab Booking Website :

A web-based cab booking website that enables users to book rides conveniently, track their trips, and manage their ride history. The platform connects passengers with drivers through a seamless, user-friendly interface.

Real Estate Website :

A dynamic and user-friendly real estate website designed to facilitate property listings, searches, and transactions. The platform allows users to browse properties, filter based on price, location, and property type, and contact sellers or agents for inquiries

College Management System :

A CollegeManagement System designed to efficiently store and manage essential academic details, including students, professors, departments, and subjects. This system provides an organized way to maintain institutional records.

Skills

- Programming Languages : Java , C++ ,Python ,JavaScript , Sql
- Web Development : Spring-Boot, React.js, MySql DB, Oracle DB , REST APIs
- Soft Skills : Time Management, Problem Solving, Communication , Teamwork

Certifications

- Java Certification - Udemy
- Python Certification - Udemy
- Frontend Development Certification - QSpiders
- Backend Development Certification - QSpiders
- Oracle Database Certification - Qspiders
