Work Experience

Sanyu Infotech

Dec 2024 – Feb 2025

Java Developer Intern

- Completed training in Core Java, Spring Boot, and Databases (SQL).
- Developed basic RESTful APIs using Spring Boot and Java to handle CRUD operations, including efficient SQL queries for data retrieval.

Projects

AI-Based Code Bug Detection and Fix Suggestion

March 2025

- Leveraged ML models for code error detection and suggest fixes, enabling faster debugging.
- Added a one-click auto-correction feature to instantly apply AI-generated solutions, streamlining the developer workflow and minimizing manual intervention.

Indoor Air Quality Monitoring System

May 2024

- Programmed an ESP32 microcontroller in C to gather and process real-time sensor data for a low-cost indoor air quality monitoring system.
- Designed for accessibility with a total setup cost under Rs. 1200, ideal for schools and homes.

Smart Attendance System Using Face Recognition

April 2023

- Developed a facial recognition system to automate attendance and reduce manual effort by 60%.
- Integrated real-time video input and built a web interface for efficient attendance tracking, ensuring secure data management and user-friendly access.

Education

Marathwada Mitra Mandal's College of Engineering

Pune, India

Bachelor of Engineering in Computer Engineering

Expected 2026

Cumulative GPA: 8.8 (Out of 10)

Bharati Vidyapeeth Jawaharlal Nehru Institute of Technology Polytechnic

Pune, India

Diploma in Computer Technology

Dec 2020 - June 2023

Percentage: 88.97%

Maharashtriya Mandal English Medium School

Pune, India

Secondary School Certificate

June 2008 - April 2020

Percentage: 80.20%

Certifications

- Introduction to MongoDB – MongoDB University (June 2025)
- AWS Academy Cloud Foundations – AWS (May 2025)
- Front End Web Developer – Infosys (Feb 2025)

Technical Skills

Languages: Java, Python, JavaScript, PHP.

Technologies/Frameworks: Spring Boot, FastAPI, MySQL, HTML/CSS.

Developer Tools: Git, GitHub, VS Code, Postman, Figma.

Other: Writing reusable and maintainable code, Problem Solving, Teamwork, Communication, Continuous Learning.
