PROFESSIONAL SUMMARY

Resourceful Full-Stack Web Developer with a proven record in designing, implementing, and optimizing scalable web applications using Next.js, TypeScript, PHP, and PostgreSQL. Demonstrates expertise integrating AI technologies, delivering robust solutions, and communicating effectively in collaborative environments.

EDUCATION

Marathwada Mitra Mandal College Of Engineering
Bachelor of Engineering in Information Technology

Pune, Maharashtra
Currently Pursuing, Expected Graduation: June 2026

EXPERIENCE

Parenthese Pvt.Ltd | Full-Stack Web Developer (Intern)
Pune ,Maharashtra | Jan 2023 – Mar 2023

- Engineered and launched a Machine Configuration and Protocol Management System, reducing equipment setup time by 30% for industrial clients.
- Designed interactive user interfaces with Next.js and Tailwind CSS, improving usability and workflow efficiency.
- Developed secure, scalable APIs and PostgreSQL schemas, enabling robust real-time data management.

PROJECTS

Machine Configuration and Protocol Management System
Jan 2024

Tools: Next.js, TypeScript, Tailwind CSS, PostgreSQL

Responsibilities:

- Designed and implemented a scalable platform that automates machine setup and manages communication protocols, achieving 98% uptime in production.
- Implemented modular architecture supporting future expansion and ease of maintenance.

House Rental Management System (Makaan)
Jun 2024

Tools: PHP, Html , MySQL , CSS

Responsibilities:

- Engineered a robust rental management system that enables efficient tracking, management, and optimization of house rentals supporting over 1,000 users.
- Designed distinct user and admin dashboards, automating payments and reducing manual workflow errors by 20%.

PDF Embedding using AI
Jul 2025

Tools: Next.js,LLM,pdf embedding ,postgres

Responsibilities:

- Developed a pipeline to extract, split, and embed PDF text content for semantic search functionality.
- Implemented a question-answering feature using a large language model, improving document search efficiency by 40%.

ACHEIVEMENTS

- Altire Data Science Master Internship:** Gained practical experience in data science and machine learning by completing hands-on projects.
- Exposys Data Labs Web Development Internship:** Worked on advanced web development assignments involving full-stack technologies.
- Selected participant, Flipkart GDId 6.0 – Software Development Track (2025).

SKILLS

- Programming Languages:** JavaScript, TypeScript, Python, PHP
- Web Technologies:** React.js, Next.js, Tailwind CSS, HTML, CSS
- Databases:** PostgreSQL, MongoDB, MySQL, SQL
- AI & ML Frameworks:** AI tool integration, LLM workflows, agentic AI, data analysis basics
